01 / COMPANY OVERVIEW

A Fresh Approach. Backed by 20 Years of Experience.

Yanam Shipping Services Pvt. Ltd. is a freight forwarding startup established to deliver reliable, efficient and customer-focused logistics solutions for businesses engaged in local, regional and international trade. With founders bringing 20 years of industry experience, we combine the agility of a new company with the practical knowledge of seasoned logistics professionals.

Our leadership understands the operational and commercial realities of freight forwarding—from cargo planning and carrier coordination to documentation support, shipment monitoring and multimodal transport. This experience helps us approach each requirement with a clear understanding of cost, timing, cargo needs and service expectations.

THE YANAM DIFFERENCE

Experienced Leadership

20 years of hands-on freight forwarding and logistics experience guiding planning, coordination and customer service.

Agile & Responsive

A startup mindset that supports direct communication, flexible coordination and personalised attention.

Integrated Service Approach

Ocean, air, land and domestic logistics coordination through one service platform.

Business-First Thinking

Solutions considered around cargo characteristics, urgency, budget and the customer's operating needs.

Our goal is simple: make cargo movement easier to plan, coordinate and manage.

02 / OUR CAPABILITIES

Freight Solutions, Built Around Your Needs.

We coordinate freight and logistics services across international and domestic movements. Each solution is considered according to cargo type, shipment volume, route, timing, budget and the scope required by the customer.

OCEAN FREIGHT

Full Container Load (FCL) and Less than Container Load (LCL) options, port-to-port coordination, door-to-door arrangements and shipping line/agent coordination.

AIR FREIGHT

International air cargo coordination for urgent, time-sensitive and schedule-driven shipments, including booking and status communication.

LAND TRANSPORT

Truck and container movement coordination, cargo pickup and delivery, port/airport transfers, regional and long-haul transport.

DOMESTIC LOGISTICS

Local pickup and delivery, domestic distribution, port-to-door and airport-to-door delivery coordination, and last-mile support.

IMPORT & EXPORT SUPPORT

Shipment documentation support and coordination for import/export processes, based on cargo, destination and applicable requirements.

END-TO-END COORDINATION

Shipment planning, mode selection, carrier/partner coordination, shipment monitoring, updates and issue resolution across agreed stages.

One point of coordination

From initial planning to delivery coordination, our aim is to help customers manage the moving parts of a shipment through a responsive logistics partner—while keeping scope, responsibilities and cost components clear.

03 / SERVICE DETAIL

The Right Mode for the Right Requirement.

Different shipments demand different priorities. We help customers consider the suitable mode and service arrangement based on speed, cargo volume, route, budget and delivery expectations.

OCEAN FREIGHT

A practical option for many international commercial shipments, including larger volumes and containerised cargo.

- Full Container Load (FCL)
- Less than Container Load (LCL)
- Port-to-port coordination
- Door-to-door arrangements
- Booking and schedule coordination

AIR FREIGHT

For shipments where faster transit, urgent replenishment or a tight delivery window is important.

- International air cargo coordination
- Airport-to-airport / door-to-door options
- Urgent shipment support
- Airline schedule coordination
- Documentation and status updates

LAND & DOMESTIC

Connecting ports, airports, warehouses, manufacturing sites and final delivery points.

- Truck and container transport
- Pickup and delivery scheduling
- Port and airport transfers
- Regional and long-haul movements
- Local distribution and last-mile coordination

04 / WHO WE SERVE

For Every Business.
For Every Stage of Growth.

We believe dependable logistics should be accessible to businesses of every size. We work to understand each customer's operating model and cargo requirements, then coordinate a service approach that fits the shipment—not a one-size-fits-all formula.

START-UPS & SMALL BUSINESSES

Responsive support for businesses establishing suppliers, entering new markets or managing occasional shipments.

SMEs & GROWING ENTERPRISES

Flexible freight coordination for businesses scaling their supply chains and managing recurring cargo movements.

MANUFACTURERS & INDUSTRIAL FIRMS

Support for raw materials, components, machinery, industrial products and finished goods.

IMPORTERS & EXPORTERS

Coordination across international shipment stages, with documentation and customs-process support as applicable.

TRADERS & DISTRIBUTORS

Logistics coordination between suppliers, ports, warehouses, distribution points and customers.

LARGE CORPORATES

A responsive partner for ongoing freight enquiries, shipment coordination and evolving logistics needs.

INDUSTRIES WE CAN SUPPORT

Manufacturing • Retail & Consumer Goods • Automotive Parts • Electronics & Technology • Industrial Equipment • Construction Materials • Textiles & Garments • Food & Beverage Cargo • Healthcare & Pharmaceutical-Related Cargo • General Trading

Our service scope is confirmed against each shipment's cargo profile, route, handling needs, regulatory requirements and agreed responsibilities.

05 / HOW WE WORK

Structured Coordination. Clear Communication.

Our service approach is designed to keep each stage understandable, with clear discussions around requirements, options, responsibilities and updates.

01 UNDERSTAND

We discuss cargo details, origin and destination, shipment timeline, budget, handling needs and documentation requirements.

02 PLAN

We consider appropriate ocean, air, land or domestic options and clarify the service scope and cost components.

03 COORDINATE

We coordinate with relevant carriers, agents, transport providers and service partners for the agreed shipment activities.

04 MONITOR & UPDATE

We share shipment status information and help coordinate responses when schedules or requirements change.

05 SUPPORT DELIVERY

We coordinate the final movement or handover in line with the agreed service arrangement.

06 BUILD THE RELATIONSHIP

We welcome feedback and aim to support customers as their logistics requirements evolve.

OUR OPERATING PRINCIPLES

Reliability — careful planning and follow-through. **Transparency** — clear discussions and relevant updates. **Responsiveness** — practical communication and coordination. **Efficiency** — choices guided by shipment priorities. **Accountability** — clarity on responsibilities and agreed scope.

06 / OUR DIRECTION

Built on Experience. Driven by Service.

OUR MISSION

To provide reliable, efficient and flexible freight forwarding solutions that help businesses move goods with confidence across local and international markets.

OUR VISION

To become a trusted logistics partner recognised for operational knowledge, responsive service and customer-focused freight solutions across ocean, air, land and domestic transport.

OUR CORE VALUES

RELIABILITY

Dependable coordination and consistent follow-through.

INTEGRITY

Professional conduct, honesty and respect for stakeholders.

CUSTOMER FOCUS

Practical solutions aligned with real business requirements.

EFFICIENCY

Thoughtful planning around cost, speed and cargo needs.

ACCOUNTABILITY

Clear communication about service scope and shipment progress.

EXCELLENCE

Commitment to high standards and continuous improvement.

LET'S MOVE YOUR BUSINESS FORWARD.

Whether you are a small business arranging your first shipment or an established company managing regular cargo flows, Yanam Shipping Services Pvt. Ltd. welcomes the opportunity to understand your requirements and provide a suitable freight solution.
